Deputy Director
Central Intelligence Agency
Langley, Virginia

Dear *Pat*

STAT

STATINTL

I would like you to know how much I appreciated the arrangements you made for me to visit with [redacted] during my recent trip to Europe. We discussed several problems of mutual interest and it developed that your facilities may be able to assist us in the researching of new signals in the ELINT area. In all it was a very profitable session and I hope some mutually profitable results may materialize.

STAT

I did appreciate [redacted] interrupting his busy schedule to make the trip [redacted]. Please convey my gratitude the next time you have occasion to write him.

STATINTL
